THURSDAY, DECEMBER, 9th, 1886.

The News contains the President's Message this week.

The second session of the Forty-ninth Congress convened last Monday.

The President has been recently confined to his room with rheumatism.

Jas. G. Blaine, Jr., has become a newspaper man on the staff of the Pittsburg Times.

The Yanceburg Courier, formerly one of the best papers in this Congressional District, has suspended.

Mr. W. L. Mansfield, a former proprietor of the Wayne County (W. Va.) Advocate, has again taken charge of that paper.

Our Brother Marcum, of the Democrat, provoked some unjust criticisms awhile ago, because he said editorially, that the average grand jury of this section remained in session too many days. Our friend was entirely right. Five or six days is long enough to transact the real business of any grand jury, except on extraordinary occasions—such as in Regular times, for instance. A foreman who knows how to sift the cases presented to him, to deal with violations of law and not with spiteful malice of some coward who has not the manliness to hit a blow in open day; can lessen the work of the inquisition at least one-half. But when some crank holds a jury while an officer can go to the farthest edge of the County for a man who can possibly indict some other man for hauling a stick of firewood on Sunday.

Pay the jurors for five days, and the real criminal business of the county, so far as the finding of indictments is concerned, will be attended to better than it is now and at a much less cost.

From an extensive editorial in the Courier-Journal of last Friday headed "Better than a Gold Mine," we take the following extracts:

"Two organizations standing ready with half a million dollars to pay for a piece of property in Eastern Kentucky shows that at last the attention of capitalists has been directed to this State, and that the interest of our own people has been awakened to their passing opportunities."

"The Eastern Kentucky fields are inviting because, with coal and iron in close proximity, the ores necessary to steel making are much more accessible, and the furnaces there located are nearer to the principal markets. These are very important considerations, and they are suggested to encourage not merely Mr. Carley and his associates, or Mr. Shook and his associates, but to secure the attention of capitalists throughout the country to Eastern Kentucky and Western Virginia, where in the hills, and on them, is wealth such as no other section of the country can surpass."

The President's rheumatism sticks to him as closely as a Muggump in search of an office, and there is a possibility that he may suffer from it during the entire winter.—Courier-Journal.

Encouraging.

(Ashland Republican.)

On the morning of November 20th the following named gentlemen started on a prospecting tour from Johnson City, Washington county, Tenn.: General Wilder, Col. Matson, chief engineer of the Massachusetts and Southern Con-

pondent for the New Haven Palladium and Baltimore Manufacturers' Record. They arrived in Ashland last Monday, after a ten days' travel in a wagon through the "breaks" by way of Pound Gap.

They were much pleased with the prospect of so good market for ore and coke. Gen. Wilder is going East with the statistics he has gathered on the route and can make a good showing to the Capitalists interested. Mr. Pardee wrote a letter to the Manufacturer's Record from Johnson City, a part of which we give below:

"The need of an air line railroad of low grade between Charleston, on the Atlantic, and the Ohio river has long been apparent to business men. The construction of such a road would have been attempted fifty years ago if the money could have been secured to pay its cost. Capitalists could not see any possibility of dividends from the business such a road would do, and gave a decided negative to all who sought their assistance. The discovery of the vast wealth awaiting development in the mountains of Eastern Kentucky and Western Virginia has given a new direction to capital, and made the construction of such a road a certainty.

Ashland, on the Ohio river, is in the heart of the famous Hanging Rock region, where are more than fifty blast iron furnaces. Some years ago the Chattahoochee Railroad was built from Ashland up the valley of the Big Sandy river for fifty-one miles into the unlimited splint coal fields. Ten miles South there are vast deposits of cannel coal, extending to the Virginia line. In the same district are inexhaustible veins of rich specular and hematite ores. The Charleston, Cincinnati & Chicago Co. have purchased the Chattahoochee road and incorporated it into its system. It is now extending that road into the region above referred to, and will, by the first of March, have twenty miles finished and in operation, thus carrying these coals and ore to the Hanging Rock furnaces and to Cincinnati and other Northern markets.

At the other end of the line it has completed the stretch between Black's Station, on the Charlotte & Atlanta Air Line Road, and Shelby, and is laying the rails between that place and Rutherfordton. Work will be pushed with all possible rapidity on the Southern end of the road, via Yorkville, Rock Hill and Lancaster, to Camden, South Carolina, the cottony seat of Kershaw, where connection will be made with the old South Carolina Railroad and by it with Charleston."

A Compromise Talked Of.

The Washington correspondent of the Louisville Post writes:

There is a rumor that with Mr. Faison out of the way, Mr. Randall and Mr. Carlisle may be able to agree on the tariff bill in the Fifty-sixth Congress. Of course this looks a little absurd, but after all it is not improbable. Carlisle and Randall are both men of ability who are able to rise above mere personal views, and yield more or less of their own desires for the sake of party harmony and party success. Randall is not willing to yield his vital principles of adjustment of the necessary tariff so as to protect the industries that most need protection; but Carlisle is quite willing to take whatever can be had by way of compromise, especially since he has looked over the field and seen the renewed evidence of growth of protection ideas in the South.

Why shouldn't there be a compromise? It is a question of public policy. There is nothing of party principles involved. It is a subject which in agitation disturbs the business of the country and threatens the supremacy of the Democratic party. It is certain that the Morrison bill cannot pass. Drop it and compromise; inspire confidence in business circles and unite the Democracy.—Commonwealth.

Their Business Booming.

Probably no one thing has caused such a general revival of trade at R. F. Vinson's Drug Store as their giving away to their customers of so many free trial bottles of Dr. King's New Discovery for Consumption. Their trade is simply enormous in this very valuable article from the fact that it always cures and never disappoints. Coughs, colds, asthma, bronchitis, croup, and all throat and lung diseases quickly cured. You can test it by getting a trial bottle free, large size \$1. Every bottle warranted.

The Parent of Insomnia.

The parent of insomnia or wakefulness is in nine cases out of ten a dyspeptic stomach. Good digestion gives sound sleep, indigestion interferes with it. The brain and stomach sympathize. One of the prominent symptoms of a weak state of the gastric organs is a disturbance of the great nerve center, the brain. Irrigate the stomach, and you restore equilibrium to the great center. A most reliable medicine for the purpose is Hostetter's Stomach Bitters, which is for preference to mineral sedatives and powerful narcotics, which, though they may for a time exert a soporific influence upon the brain, soon cease to act, and invariably injure the system of the stomach. The Bitters, on the contrary, restore activity to the operations of that important organ, and thus insure a sound sleep and a tranquil state of the nervous system. A wholesome invigorant is likewise given by the action of the liver and bowels by its use.

This powder never varies. A marvel of purity, strength and wholesomeness. More economical than the ordinary kinds, and cannot be sold in competition with the multitude of low test, short weight alums or phosphate powders. Sold only in cans. ROYAL BAKING POWDER CO., 106 Wall St., N. Y.

W. T. EVANS DRUGGIST.

Second door East of "Old Brick" Louisa Ky

Keeps on hand a full supply of

Drugs, Oils, Paints, Patent Medicines, Tobaccos and Cigars.

Whiskey sold only on Prescription.

English Spavin Liniment removes all it cures. Sifts, or Caloused Lumps and Blisters from horses, Blood Spavin, Coughs, Sore Throat, Stiffness, Sprains, Sore and Swollen Throat, Coughs, Etc. Save \$50 by use of one bottle. Warranted. Sold by F. F. & N. D. Drug Store, Louisa.

BRACE UP.

You are feeling depressed, your appetite is poor, you are bothered with headache, you are nervous, and generally out of sorts. You want to brace up. Brace up, but not with stimulants, spring medicines, or bitters, which have for their basis very cheap, bad whiskey, and which stimulates you for an hour and then leaves you in worse condition than before. What you want is an alternative that will purify your blood, start healthy action of liver and kidneys, restore your vitality, and give renewed health and strength. Such a medicine you will find in Electric Bitters, and only 50 cents a bottle at R. F. Vinson's drug store.

BUTLER'S AFRICA SALVE.

The best salve in the world for cuts, bruises, shrapnel, ulcers, salt rheum, fever sores, tetanus, chapped hands, chilblains, corns, and all skin eruptions, and positively cures piles, or no pay required. It is guaranteed to give perfect satisfaction, or money refunded. Price 25 cents per box. For sale at R. F. Vinson's Drug Store.

THE NINTH DISTRICT.

The Democrats Pass Around the Pipe of Peace and Will Make a Gallant Fight in 1888—Dexter Kehoe and Samuel Savage.

(Courier-Journal.)

MAKESVILLE, Ky.—So much has been said by the press of the State concerning the defeat of Judge Wall for Congressional honors that it would seem the public have all the evidences in the case. Power facts, however, than anything else have been published. Mason county being the home of the nominee and real battlefield of the campaign from its inception to the close, it is therefore very strongly evident that the politicians and other close and interested observers here should be better acquainted with the circumstances of the race and more familiar with the real causes of the unfavorable result than the average guessing or misinformed correspondent. To present the facts so as to thoroughly acquaint the outside world with the real causes would require a review of district politics or the past two years, and being to light some proceedings that would add no credit to the party or balm to our wounds. Reform is now in order, and if practiced within the party, two years hence the result will be different in the Ninth. The district three times in succession, and each time from a different cause having been lost to the Democrats, they now realize and acknowledge that in the future true Democratic principles alone must prevail, and with one accord seem disposed to let bygones be bygones, and evince an earnest desire to pass the olive branch from the headwaters of Big Sandy to the detectable Bracken before they again meet the ene-

my and become theirs. So the least said about the past and our misfortunes the better. Yet a correspondent at Augusta, in a recent article to a Louisville paper, makes so many false statements about the course pursued by Judge Sam Savage and Hon. J. D. Kehoe in the late race, that in simple justice to these gentlemen it deserves some notice.

We are not closely acquainted with Judge Savage's movements during the late canvass, but know him to be too fine a gentleman and a true Democrat to act in the manner stated by the aforesaid correspondent. We know that he visited Bracken and came here in the interest of Judge Wall; that he made speeches for him and acted in a manner that satisfied every one that he had done his part well. Now, it has been well known all along since the defeat of Capt. Power two years ago that Mr. Kehoe would again be a candidate for the Democratic nomination. So that, therefore, in point of fact he was really the first in the field. And when in the Mason county primary he made a square and manly fight, without the use of money, and lost his county, he manifested the genuineness of his Democracy by giving his successful competitor, Judge Wall, a cordial support. To give additional emphasis to the sincerity of his support, Mr. Kehoe came down Frankfort with several of his employees and spoke at the Court house in the interest of Judge Wall at a time when many of his followers were urging him to keep his hands off. Mr. Kehoe is a Democrat of the Simon-pure kind, and always adheres to party will and principle.

Both Judge Savage and Mr. Kehoe are highly honored and respected at home, and the Augusta correspondent does them an injustice by his false statement and misrepresentation published against them. But so much for our last campaign, and may we never have another will yield the same fruit.

The ladies, individually and collectively, without a single exception, pronounce J. Monroe Taylor's Gold Medal Soda or Saleratus to be the best and most wholesome article in the market. They say it makes nicer whiter and lighter Biscuit and Cake, and requiring less shortening than any other, and is much better to use with cream tartar than any other. Try it. Most of the Grocers and many of the Druggists sell it, and at wholesale by wholesale Grocers.

CHRISTMAS GREETING!

THE end of the old year is fast drawing near, but like all its predecessors has kindly reserved "the best 'till the last." Although Christmas morning ushers in the World's Holiday week, we venture to predict that nowhere on the face of the globe will the day be more generously and happily observed than by the people of our own community. For weeks past we have labored industriously to prepare for this event and the result is that our store is now fairly shining with a beautiful array of Christmas Gifts which are destined to shortly appear so confidently regarding the sale of our Holiday stock, because we are strong in the belief that every holiday shopper who visits our store will be sure to find irresistible attractions among our great variety of pretty and appropriate gifts. Special pains and much careful consideration was expended to make this collection of Christmas goods one which should include something really desirable for every individual from the youngest to the oldest. Another feature is that we have made it a point to have great variety in goods of all prices, ranging from the merest trifle up to the most costly gift, in order that you may be able to make good selections at any price you feel able to pay. Having thus smoothed the way for all classes of buyers and taken great pains to have our new Holiday assortment include only the latest and best, we feel warranted in assuring all Christmas buyers that they will never have reason to regret a visit to our store.

And now a word to the reader. We make this the occasion to cordially, nay urgently invite you to pay us a visit between now and the Holidays. Consider this a personal invitation from us to you direct and do not fail to come. No matter if you have not the slightest intention to make a purchase you will be welcome just the same. Of course we are glad to sell our goods, inasmuch as we make our living by this means, but that does not prevent us from feeling a genuine pleasure in contributing to your enjoyment, aside from all thoughts of profit to ourselves. It is our hearty wish that everybody should be present during the Christmas rush and we believe that you will thoroughly enjoy seeing our beautiful display. We thank our many customers for their generous patronage and shall strive to merit their future favors and those of the public generally with the best goods at fair prices, and that one and all, old and young may have a Merry Christmas is the sincerest wish of

Tone up the system by the use of Ayer's Sarsaparilla. It will make you feel like a new person. Thousands have found health, and relief from suffering, by the use of this great blood purifier, when all other means failed.

Statesmen, ministers, lawyers, representatives of all professions and classes, may be attacked by piles, but all the world knows that an infallible remedy can be found in Tabler's Buckeye Ointment, which is acknowledged to be the only preparation ever offered the public for piles, which makes a lasting cure.

We have been requested to announce that there will be a discus-

sion held at Eden, Martin county, Ky., on Dec. 23rd, between Rev. M. See and Dr. J. W. Glover. The question to be discussed is as follows: That the Baptist Church is the only Christian denomination, and it alone is the Church of Christ. See affirms and Glover denies.

WANTED—FIRE CLAY.—All persons living on the line of the Chattanooga Railway who have Fire Clay on their premises, are requested to leave sample of the same, with their names, at the Louisa Post Office. W. N. SULLIVAN.

Forty years' experience, in every clime on earth, has proved Ayer's Cherry Pectoral to be the most reliable remedy for colds, coughs, and all lung diseases. Neglected colds often become incurable ailments. Deal with them in time, and prevent their becoming deep seated in the system.

The timely use of simple remedies will often prevent consequences more serious than a mere outlay of money. Therefore do not procrastinate if you are suffering with a cough, cold or disease of throat and lungs, but use Coussens' Honey of Tar, and be speedily relieved. This preparation is universally known as excellent, and this hint to sufferers is sufficient.

We are sorry to learn that Prof. H. T. Lytleton expects to remove to Pikeville soon. He is offered large inducements by the citizens of that place to open a school there. We regret very much to lose Mr. Lytleton, but recommend him to the people of Pikeville as an able instructor, who keeps fully up with the times.

We find no fault with Mary Anderson either as a woman or an actress, and delight to give honor where honor is due. For that reason we bless the name of the manufacturer of Coussens' Honey of Tar, the purest, simplest, and most effectual cure for coughs, colds, and diseases of throat and lungs. A trial will convince you. Coussens' Honey of Tar, is the cough cure.

We understand there is a good deal of complaint regarding the condition of the public school building. It is not possible to heat the room during this weather, and as a consequence there is much discomfort. There is no fastening to the doors, and nearly every night some mischief is done to the room or desks. The blackboard are often disfigured by the scrawls of would-be smart Alacs, and sometimes the inscriptions are none of the most elegant. It seems to us that a little energy on part of somebody would better things in this direction.

Pupils who have been neither absent nor tardy in the primary department of the Louisa Public School, for school month ending Dec. 3rd:

The readers of the Big Sandy News will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages; and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known in the medical fraternity. Catarrh being a constitutional disease requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease and giving the patient strength, by building up the constitution and assisting nature in doing its work. The Proprietors have so much faith in its curative powers that they offer one hundred dollars, for any case it fails to cure. Send for list of testimonials. Address, **F. J. THE NINE HOURS DAY.

The Cabinet-makers' Union to Demand It on the 1st of January.

PITTSBURGH, Dec. 5.—At a joint meeting of the Cabinet-makers' and Carpenters' Unions this afternoon Henry Emmerich, of New York, General Secretary of the International Cabinet-makers' Union, delivered an address urging the men to stand by their organization. He said that on January 1 a demand will be made throughout the United States for the adoption of nine hours as the length of a day's work. Employers will be given two months to decide and the system will go into operation on April 1. If it does not the organization should be strong, so that a general strike can be resorted to. Mr. Emmerich said all other trades unions are expected to follow in the demand.

PHILADELPHIA FENIANS.

Organize a New Society, and Appoint a Committee to Carry Out Rossa's Schemes.

PHILADELPHIA, Dec. 5.—The Record tomorrow will publish a sensational story of the actions and plans of a new Fenian society. The story says that the society was formed by dissatisfied members of the older organization, who met here Thanksgiving Day and chose O'Donovan Rossa their chief. They intend to intrigue toward the discontent in Canada toward the mother country that will eventually break out into open rebellion. After thus crippling the hated enemy they are to transfer the base of operation to Australia. A secret committee of five, to execute Rossa's plan, will be appointed. Contributions from the faithful, to assist in the consummation of these plans, will be solicited.

A Young Hero at the Wheel.

CHICAGO, Dec. 5.—No story of suffering among sailors in the recent blast which swept the lakes will excite more pity than that of a sailor lad named Johnson, who now lies dying at New Buffalo, Mich. He was fully 17 years old when the schooner Scum, up to his waist in the ice-cold waters of the lake all the time, and half drowned by every wave that struck the vessel, while the services of the Captain and able-bodied members of the crew were required elsewhere. All save one were disabled, and to this one the boy was finally compelled to beg for relief. His prayer was granted, and not any too soon, for in a short time more he would have been frozen stiff at the wheel.

A War Question Settled.

WASHINGTON, Dec. 5.—The life of General Lee just issued, which contains much interesting and valuable material which is entirely new, settles the question of the numbers of paroles issued at the time of the surrender. There have been claims on the Confederate side at various times that the force surrendered was very small, some having placed it as low as eight thousand. The parole-rolls produced in the book show that the total paroles were 32,321, divided as follows: General headquarters, 281; infantry, 22,949; cavalry, 1,569; artillery, 2,576; miscellaneous troops, 1,460.

Snow-Storm at Mobile.

MOBILE, Ala., Dec. 5.—Mobileans were surprised on awakening this morning to find snow falling briskly. There were frequent flurries until three o'clock, when the snow began falling heavily. It continued for three hours, covering the ground to the depth of three-quarters of an inch. The two previous snows remembered here were in 1846 and 1880, both more important than this one. Being Sunday, the populace did as on previous occasions, but considerable snow-balling was indulged in by the young folks, many of whom never before handled this product of the elements.

De Freycinet's Great Coup.

PARIS, Dec. 5.—The resignation of the Ministry is regarded as a great coup on the part of De Freycinet. The opposition over-reached themselves, and are facing practical impossibilities. Some of their eminent leaders have implored De Freycinet to run for office. He is regarded now as the most popular man before the people in France, and a probable successor to President Grevy.

Death of a Soldier of 1812.

WOOSTER, O., Dec. 4.—John Ludwig, aged ninety years, and a veteran of the war of 1812, died at his home in Wooster, Ohio, yesterday. He was the only veteran of the war of 1812 living in Wayne County.

A New Haven Priest Honored.

NEW HAVEN, CONN., Dec. 5.—Father Higgins, of this city, a priest of the Dominican Order, has received the degree of Doctor of Theology from Pope Leo. He is the first ecclesiastic in this country to be so honored.

The "Capitalistic Press."

NEW YORK, Dec. 5.—The Central Labor Union, to-day, advised workmen not to read or buy "capitalistic" papers. It was also resolved not to furnish labor news to reporters of the "capitalistic" press.

Rioting in Cork.

LONDON, Dec. 5.—At a league meeting in Cork the police and populace came together and serious rioting resulted. Twenty-five people were injured, and one policeman had his skull fractured. No fatalities are reported.

Albert Garner's Deed.

WABASH, IND., Dec. 5.—Albert Garner, a notorious tough, discharged a shotgun through the door of the residence of Henry Graves, near this city, seriously wounding Mrs. Graves and her five-year-old daughter.

Opera-house Destroyed.

WASHINGTON, D. C., Dec. 5.—Herzog's Opera-house was completely destroyed by fire this morning. Loss, \$115,000; insurance, \$75,000.

A Natural Gas Explosion.

WASHINGTON, Pa., Dec. 5.—A natural gas tank exploded at Hickory, Pa., this morning, instantly killing Albert Crocker, a workman.

Snow at Montgomery, Ala.

MONTGOMERY, Ala., Dec. 5.—At 10 o'clock to-night the ground here is covered with twelve inches of snow.

Cathedral Ignited by Fire.

PITTSBURGH, Dec. 5.—St. Paul's Roman Catholic Cathedral was badly damaged by fire this afternoon.

Sunday Observance Enforced.

NEW YORK, Dec. 5.—The general order issued by Superintendent Murray instructing police captains to see that the Sunday law was observed, was generally enforced to day. A few obstinate store-keepers on the East Side refused to comply with the law and were arrested, being taken to the jail shortly after. The usual number of violators of the excise law were taken into custody.

Dead in His Barn.

CRESTLINE, O., Dec. 5.—Yesterday afternoon a farmer named Peter Hine, aged sixty-five years, went to his barn to look after his stock. He was found there dead. Cause, palsy. He lived four or five miles north-west of Crestline.

Dr. Morse, physician at Marine Hospital, Baltimore, Md., found Red Star Cough Cure a harmless and most effective remedy in the cure of coughs. Twenty-five cents a bottle. For rheumatism and neuralgia St. Jacobs Oil is a sure cure.

MINISTER GORLEY, of France, authorizes the statement that he is no tumbler.—Rochester Post-Express.

It is Not Singular that consumptives should be the least apprehensive of their own condition, while all their friends are urging and beseeching them to be more careful about exposure and overdoing. It may well be considered one of the most alarming symptoms of the disease, when the patient is reckless and will not believe that he is in danger. Reader, if you are in this condition, do not neglect the only means of recovery. Avoid exposure and fatigue, be regular in your habits, and use faithfully Dr. Pierce's "Golden Medical Discovery." It has saved thousands who were steadily failing.

Painful Paroxysms Cured.

Miss Florence Abbott, 881 Massachusetts Ave., Washington, D. C., writes: "I have suffered for many years from an asthmatic cough, attended with distressing and painful paroxysms, and have tried many remedies without effect. Red Star Cough Cure gave me wonderful relief, and I have not been troubled with the paroxysms since."

Coughed 10 Years and Cured.

Mr. Luke Brosseau, livery stable keeper, Charlotte, Michigan, writes that for ten years he suffered from a cough, which nothing would remove. At last he used Red Star Cough Cure, and the cough was cured, with magical and he pronounced it the greatest ever known.

A Rabbi's Testimony.

I feel constrained to express my confidence in the merits and efficacy of Red Star Cough Cure. Not only has it been of great service to my family, but I have personally used it with good results. I have not been troubled with the paroxysms since.
